## EXPERIENCE

### Senior Web Developer

*Medtronic, Minneapolis, MN, 2007-2010*

- » Creating HTML/CSS/JS for product websites, including medtronic.com
- » Oracle/Stellent administration
- » Designing and developing microsites, landing pages, forms, and intranet sites
- » Collaborating with and mentoring team of web developers locally and internationally
- » Experience working using SCRUM and Agile methods

### Web Developer / Full-stack Developer

*Self-employed, remote and on-site, 2000 - present*

Meeting with clients to determine project requirements and workflows. Working with small clients in a full-stack capacity, including wireframing, design, front-end build, and backend open source e-commerce and course management solutions.

- » Increased course enrollments by extending a business's print campaigns to website and customized email campaigns
- » Helped local non-profit raise over \$25,000 in 2019 by integrating donor management software with their website
